

G. P. S. THE GREAT PARK SEARCH

**Win Fabulous
PRIZES!**

Try out this simplified version of Geocaching. It is a fun, outdoor game played using GPS units. Playing the game with friends and family, discovering new places and having fun are what make this game such a great outdoor activity. The real challenge lies in using your GPS system. Players use specific coordinates to find designated parks and then take a picture of the sign with the Waukegan Park District's name on it at that location. Use this form so that you can find each location using the coordinates below with your GPS unit. All signs are within 30' of the GPS coordinates. Completed form must accompany all pictures when submitted.

CONTEST ENTRY FORM

CONTEST RULES:

- As proof that you found the correct park location you must take a picture of the park sign and label with corresponding number, in each of the parks that is at the GPS coordinate. Submit all pictures along with your entry form.
- Incomplete forms will not be entered into the contest.
- Wrong answers on the entry form will disqualify entry.
